Profile

I am a Full-Stack Web Developer student at Lambda School from Chicago, IL. I have passion for coding. If I'm not moving, growing, and learning, then I make sure to find a way to do so. I am eager to create web solutions that inspire, educate and empower people. I love bringing ideas to life. Never afraid of taking on a new challenge.

Skills

HTML, CSS, CSS preprocessing, Less, BootStrap, JavaScript, jQuery, Vue.js. building responsive websites, and working within a source control environment, Git.

Experience

Freelance Web Developer – 2019-present

SP Landscaping

Built a responsive and mobile friendly website for SP Landscaping. Worked closely with the client to provide a great final product.

Stack: HTML/CSS/Bootstrap

Spacewalkers

This Sprint Challenge tested me on my advanced CSS techniques using Responsive Design and Preprocessing. In this project I had to compile my CSS file to Less for it to work.

Stack: HTML/CSS/LESS

FUN BUS

Fun Bus was a Sprint Challenge to test my knowledge on HTML, CSS and CSS preprocessing. For this project I was asked to compile the CSS file to Less. I also got to work with Git.

Stack: HTML/CSS/LESS

Starbucks –Shift Supervisor 2016-2019

Assist the store manager in executing store operations during scheduled shifts. Deploying partners and delegate tasks to create the Starbucks Experience for our customers by providing legendary customer service with prompt service, quality beverages and products, and maintaining a clean and comfortable store environment.

Education

Lambda School – Full-Stack Web Development 2019-2021

Wright College - Chicago, IL - Computer Science 2016
